- (d) In administering an examination for licensure or certification, the agency shall make the appropriate application forms available at least thirty (30) days before the deadline for submitting an application to all persons wishing to take the examination.

This subsection does not require the agency to issue a renewal license or certificate to an applicant if subsection (g) applies.

- (g) The agency may delay issuing a license renewal for up to ninety (90) days after the renewal date for the purpose of permitting the board to investigate information received by the agency that the applicant for renewal may have committed an act for which the applicant may be disciplined. If the agency delays issuing a license renewal, the agency shall notify the applicant that the applicant is being investigated. Except as provided in subsection (h), before the end of the ninety (90) day period, the board shall do one (1) of the following:

- (j) The license of the applicant for a license renewal remains valid during the ninety (90) day period unless the license renewal is denied following a personal appearance by the applicant before the board before the end of the ninety (90) day period. If the ninety (90) day period expires without action by the board, the license shall be automatically renewed at the end of the ninety (90) day period.
